COST SHARE APPLICATION

The Lincoln County Conservation District (LCCD) administers a cost share program funded by the Washington State Conservation Commission and the District special assessment fund. Funding amounts vary from \$10,000 up to \$50,000 to help cooperators improve their farm and better conserve our natural resources.

LCCD will pay 75% of project costs on a variety of projects (e.g. for a project incurring \$5,000 in costs, the District will pay \$3,750. For a project that costs \$66,667 or more, the District will pay no more than \$50,000). All projects must be designed to meet NRCS standards and specifications.

Please fill out the application below if you are interested in applying for funding to implement a practice on your property.

Applicant name: _____

Farm/Entity name (if applicable): _____

Phone number: _____
